What is cancer screening?

BreastScreen NSW - BreastScreen NSW is a free service which offers women aged 50-74 years the opportunity to have a breast screening every two years. To make an appointment, visit breastscreen.nsw.gov.au or call 13 20 50 or visit your local BreastScreen centre.

Cologuard test - Cologuard is a non-invasive test that checks your stool for DNA that may indicate bowel cancer. To book an appointment, contact dothetest.com.au or call 13 14 50 or visit your local bowel screening centre.
